Thanks and Greetings from Forest Li, Wensten Accounting Inc.

December 3, 2014

Dear valued clients,

Christmas carols are on the air, snow has touched the ground, and 2014 is drawing to its close. I would like to say Thank You - for your trust, for your loyalty, and for your being with us.

With the growth of our services, our clientele has covered a wide spectrum of life. But no matter how you have involved with us, to us you are unique and special. It is our great honor and pleasure to serve you; we are always happy to hear from you.

It is our unyielding commitment to obtaining maximum tax benefits for you. But, we cannot achieve this goal alone; we need you to do your part.

For business owners, please keep all your business receipts, do bookkeeping regularly, remit payroll deductions and WSIB amounts, and file HST return and income tax return, on time. We are so regretted to see that some businesses were subject to heavy penalties and interests due to the past due returns, which could be easily avoided. We understand how busy you are as a business owner; but remittances and returns are integrated parts of a business, and need to be taken care of on time. We are always here, ready to take the burdens from you.

For the families with children and seniors, the social benefit rules change all the time, there are always some new benefits emerging. Now the government is talking about income splitting, which would be good news for families with uneven incomes. The pension splitting has brought about big tax savings to the

seniors; income splitting shall do the same to many families. Trust us to catch up with the updates and claim all the applicable benefits for you.

For students, please do not ignore the letters from the government. If the government asks for extra information, please reply immediately; otherwise you may not get all the benefits you deserve.

Wensten Accounting believes in the value of volunteer programs to the community. We have been continuing the free and informative income tax clinics in the New Canadians' Centre and Fleming College, and we are working on spreading the programs to Trent University and other organizations.

Our family has been kept very active so far: shortly after a trip to the Europe, Wendy went to visit her mom in February and March. She took the opportunity to do scenery seeing in the beautiful cities of Dali, Lijiang and Kunming in the south of China. She was so delighted by the early arrival of the spring and the blossoms there, by then we just were buried in heavy snow here. I made several exciting fishing stories. One night with a fire flaming beside I caught fish on hook at least six times, landed four, kept two, and released the biggest ones of about 30 inches and five pounds, all walleyes. I do not like to use a net to land a hooked fish, I enjoy challenging them in turbulent rapids, which demands patience and skills. Also I made blood donation this year, it was an amazing experience.

Our office will be closed for the Christmas holidays and from January 8 to 19, 2015. You can always call or email us. We will get back to you immediately.

Thank you again and talk to you soon. All the best for you and your family!

Happy Holidays!

(If you do not want to receive such kind of letter from us, please let us know. We will remove your name from our email list)
